

Download Airplane & Its Engine 1st Edition

Early flying machines include all forms of aircraft studied or constructed before the development of the modern aeroplane by 1910. The story of modern flight begins more than a century before the first successful manned aeroplane, and the earliest aircraft thousands of years before. Air India Flight 101 was a scheduled Air India passenger flight from Bombay to London that accidentally flew into Mont Blanc in France on the morning of 24 January 1966. The accident was caused by a misunderstood verbal instruction from the radar controller to the pilot in lieu of VOR data, one of the receivers being out of service.
