

# Download Antiemetics In The Supportive Care Of Cancer Patients

ASCO's growing roster of cutting-edge journals serves readers as the most credible, authoritative, peer-reviewed resources for significant clinical oncology research and research that informs the delivery of efficient, high-quality cancer care across the globe. Endorsement of externally generated Practice Guidelines, those not created through MASCC, requires final approval by MASCC's Executive Committee. Strategic Plan | MASCC Leadership | Committees | Support & Sponsorship. About MASCC. The Multinational Association of Supportive Care in Cancer (MASCC) is an international multidisciplinary organization dedicated to research and education in all aspects of supportive care for people with cancer regardless of the stage of their disease. Nausea occurs when you feel queasy or sick to your stomach. In many cases nausea may be followed by vomiting (throwing up). (1) Until the mid 90's nausea and vomiting caused by chemotherapy, were two major factors that forced up to one fifth of the cancer patients to postpone or refuse potentially curative treatment. (2)
