

# Download Competition Law And Policy A Tool For Development In Tanzania

The OECD Competition Committee promotes regular exchanges of views and analysis on competition policy issues. The proceedings from these discussions, including submissions from countries and invited experts, are published within the Best Practice Roundtables on Competition Policy series. In November 2016, the OECD held a hearing discussion on Big Data to explore the implications on competition authorities' work and whether competition law is the appropriate tool for dealing with issues arising from the use Big Data. Access all documentation regarding the discussion. An Introduction to the Law of the Southern African Development Community By Dunia P. Zongwe Dunia P. Zongwe is a former graduate fellow of the Institute for African Development at Cornell University. He holds a doctorate (2010) and a master degree (2008) from Cornell Law School, and a LL.B. (2006) and a B.Juris (2004) from the University of Namibia. Development Agenda project on Improvement of National, Sub-regional and Regional Institutional User Capacity. In light of the need for a harmonized and integrated approach in guiding national undertakings for the formulation of intellectual property (IP) strategies, Development Agenda Project DA\_10\_05 was mandated to produce a standard, yet flexible, methodology to be validated in a pilot ...
