

Download Current Mathematical Problems Of Mechanics And Their Applications (proceedings Of The Steklov Institute Of Mathematics S.)

Vladimir Igorevich Arnold (alternative spelling Arnol'd, Russian: ?????????? ?????????? ??????????, 12 June 1937 – 3 June 2010) was a Soviet and Russian mathematician. While he is best known for the Kolmogorov–Arnold–Moser theorem regarding the stability of integrable systems, he made important contributions in several areas including dynamical systems theory ... The Fields Medal is a prize awarded to two, three, or four mathematicians under 40 years of age at the International Congress of the International Mathematical Union (IMU), a meeting that takes place every four years.. The Fields Medal is regarded as one of the highest honors a mathematician can receive, and has been described as the mathematician's Nobel Prize, although there are several key ...
