

# Download Doctor Who - Arc Of Infinity.

Marvel fans were left confused when, in Avengers: Infinity War, the Hulk refused to come out and fight Thanos - but Avengers 4 will explain why. Mark Ruffalo has said that Thor: Ragnarok was the beginning of a "Hulk Trilogy" that continued in Infinity War and will conclude in Avengers 4, and that this arc has been planned since the early development of Ragnarok. On the "Infinity War" commentary track, the film's directors and writers confirmed that Doctor Strange knows more about the future than everyone else does.

Omega is a fictional character from the long-running British science fiction television series, Doctor Who. In the context of the series, Omega is known as one of the founders of the Time Lords of the planet Gallifrey, and is a revered figure in Time Lord history together with the equally legendary Rassilon; the Third Doctor refers to him as the Time Lords' "greatest hero".
