Outline: The Postgraduate Diploma Musculoskeletal Medicine programme is designed specifically for Primary Care Physicians to build on your existing knowledge, skills and experience and develop mastery in the clinical and service aspects of Musculoskeletal Medicine.

What is Physical Medicine and Rehabilitation? Physical Medicine and Rehabilitation (PM&R), also called Physiatry (fizz-eye-a-tree), is a medical specialty emphasizing the prevention, diagnosis and treatment of disorders related to the muscles, bones and nerves. PM&R is one of 24 medical specialties certified by the American Board of Medical Specialties.

The Physical Medicine and Rehabilitation physicians of Seton Brain & Spine Institute aim to restore people's quality of life by improving their function and independence.
