

Download Sap Code Inspector Guide

Custom code analysis options. The ABAP Test Cockpit comes along with its classic SAP GUI based user interfaces to administer the tool and maintain the necessary configuration steps in order to check the custom code. If you enjoyed this blog, Evaluating the Quality of Your ABAP with Code Inspector – Part 2, please fill out the form below to sign up for our newsletter. This document tries to answer the most important questions about the Remote Code Analysis in ABAP Test Cockpit (ATC). With the SAP NetWeaver AS ABAP 7.51 innovation package SAP customers and partners can perform Remote Code Analysis in ATC which allows to analyze remotely with the latest checks custom code even in older systems using only one system for ATC (SAP_BASIS >= 7.51).
