

Download The Oxford Diaries Of Arthur Hugh Clough

Arthur Clough (1819-1861), one of the most undervalued of Victorian writers, is only now being recognized as a major poet. While an undergraduate at the University of Oxford, he wrote a series of intensely personal diaries that provide a candid view of his thoughts about the Victorian era, and that chart his development as a poet. Arthur Hugh Clough is one of the most undervalued Victorian poets. His importance is now being recognized, and the New Oxford Book of Victorian Verse assigns him his rightful position as a major poet. These are the diaries of the poet Arthur Hugh Clough, from his time at Rugby when he came under Dr Arnold's religious and moral influence to his time at Oxford, with the Tractarians, showing his poetic growth and the wider state of religious debate.
